

NOT GONNA WORRY

I've learned to let go of my plans
Fight my fears and dance
The present is a gift
Can't do it by my strength
Ai ai ai ai ai
Do it by my strength
Ai ai ai ai ai

I was searching
Running on my own
Overworking
Drying up my soul
And now I'm letting go
Giving you control

I'm not gonna worry
I'm just gonna lift my hands
I'm not gonna worry
I'm just gonna trust you, and
Imma do it your way
Let you write the story
Imma do it your way
I'm not gonna worry

I hear the sparrows sing
'He's watching over me'
The lilies of the field
Tell me the same thing
Ai ai ai ai ai why should I worry?
Ai ai ai ai ai

I know I can make it
I know I can make it
I know I can make it

TO KNOW YOU

All this time I thought it was my
serving
That made me somehow worthy
That was never what You asked

All this time I have spent on learning
Knowing about You isn't working
If I'm not holding Your hand

You say come know You
Really get to know You
Get close enough to hold on to You
And know You
Dive into mysteries that surround You
Baptized by love that's only found in
You
That changes everything

All this time I guess I've missed the
essence
It's being in Your presence
That changes everything

You say come know You
Really get to know You
Get close enough to hold on to You
And know You
Dive into mysteries that surround You
Baptized by love that's only found in
You
That changes everything

Pride begins to fall
I let go of it all
The presence of the King changes
everything
Religion melts away
Your love fills this place
Your presence, my King, changes
everything

Pride begins to fall
I let go of it all
The presence of the King changes
everything
Religion melts away
Your love fills this place
Your presence, my King, changes
everything
You're changing everything

You say come know You
Really get to know You
Get close enough to hold on to You
And know You
Dive into mysteries that surround You
Baptized by love that's only found in
You
That changes everything

Baptized by love that's only found in
You
That changes everything

ALL OF MY DAYS - PSALM 23

Walk me by the quiet waters
Lay me down in Your green pastures
Be my shepherd, be my comfort in
the valleys low
Lead me on the path that's narrow
Guide me through the darkest
shadow
I will fear no evil, You are with me
where I go

You're here, You prepare a table
before me
You're here in the presence of my
deepest pain
You're here and my cup is overflowing

'Cause all Your goodness and Your
mercy follow me

All of my days, oh-oh, oh
All of my days, oh-oh, oh

Walk me by the quiet waters
Lay me down in Your green pastures
Be my shepherd, be my comfort in
the valleys low
Lead me on the path that's narrow
Guide me through the darkest
shadow
I will fear no evil, You are with me
where I go

You're here, You prepare a table
before me
You're here in the presence of my
deepest pain
You're here and my cup is overflowing
'Cause all Your goodness and Your
mercy follow me

All of my days, oh-oh, oh
All of my days, oh-oh, oh

I will dwell in the house of the Lord
forever
I won't want because You, You're my
good shepherd
You restore my soul and my cup is
overflowing
I will never walk alone for You are with
me

All of my days, oh-oh, oh
All of my days, oh-oh, oh
All of my days, oh-oh, oh
All of my days, oh-oh, oh
All of my days
