

BROTHER MOON

Brother moon
Shine down your light on us tonight
Show us the love of God
Sister sun you bring out the day

You're shining the light of God on
your face today
Maker of it all
You provide it all
In You we live

In You we move
In You we have our being
You're glorious
You're holding us together all
together

Brother wind your clouds and your
storms
You're breathing the breath of God
in your lungs for us
Mother earth, you're giving us life
With God's open hand you always
provide for us

Maker of it all
You provide it all
In You we live
In You we move
In You we have our being
You're glorious
You're holding us together all
together
You are everything good, you are
everything beautiful
You are everything, you're
everything

EVERYTHING GLORIOUS

The day is brighter here with You
The night is lighter than its hue
Would lead me to believe
Which leads me to believe

You make everything glorious
You make everything glorious
You make everything glorious
And I am Yours
What does that make me?

My eyes are small but they have
seen
The beauty of enormous things
Which leads me to believe
There's light enough to see that

You make everything glorious
You make everything glorious
You make everything glorious
And I am Yours

From glory to glory
You are glorious You are glorious
From glory to glory
You are glorious. You are glorious
Which leads me to believe
Why I can believe that

You make everything glorious
You make everything glorious
You make everything glorious
And I am Yours

GRAVITY OF LOVE

I lift my eyes up to the hills
This my morning song
Where my strength comes from
I lift my eyes up to the hills
This my evening song
Where my help comes from

This is the gravity of love
Just as the moon follows the sun
You're all around me
You're holding ev'rything
This is the hope of ev'ry land
Just as the universe expands
Your love is reaching
You're holding ev'rything

We lift our eyes up to the hills
When will our help come
Lord we cry how long
We lift our eyes up to the hills
Even as we run
Hope is chasing us

GOD IS

God was never angry
God was not against me
God was never far away
God's not disappointed
God's not keeping score and
God's not judging my mistakes

God is light

God is love

Do not fear for God's with us

God is good

God is grace

God will never hide her face

'Cause God is

God is

I see so clearly now
God is in the mystery
God is always with me
I was lost now I'm found
Everything I once thought blinded
by the love

That God is

That God is

That God is

That God is

God was never angry

God was not against me

God was never far away
